FARSIGHT IN CAR SELECTION

THE measure of your pleasure in motoring
depends on the discrimination you use in
purchasing your car.

Not alone should you investigate the worth of the car
itself. You should be particular about the firm that
makes the car. Look a little ahead—ask yourself whether
the car you're about to purchase is likely to have a factory
at all behind it six months hence.

There's sure satisfaction in the choice of a McLaughlin Car—
not only are McLaughlin Cars trustworthy in themselves, but they
come from a factory that has been producing high-grade cars for
five years, and was making high-grade carriages nearly half a
century before that—a factory that is the keystone of a big organiza-
tion, with completely-equipped sales depots all over Canada.

Send for advance booklet of our 1913 models

CITY COUNCIL

More Water and Light Extensions

At the regular meeting of the City Council on Friday, Mayor Jones and Aldermen Sutherland, Copland, Thompson, Owens and Calder were present.

An offer for the old hand-power fire engine was received from the Strand Hotel, Okanagan Landing. Ald. Owens reported that the Fire Brigade was distinctly opposed to selling the old engine and the offer could not be accepted.

The advisability of selling the old gasoline engine was then debated, but Ald. Sutherland pointed out that the engine, if repaired, might prove very useful in an emergency, for instance if the power plant was crippled temporarily.

It was decided to examine the gasoline engine and consider the matter of putting it into an efficient condition.

Chief of Police Sutherland presented his monthly report, which was read by the Mayor and ordered filed. His Worship noted that the list of cases dealt with was less than that of the preceding month.

A request was received from Mr. H. A. Willis to repair the road leading to his residence in the Mary subdivision. The road was very swampy and it would be inexpensive to corduroy it.

Owing to lack of funds the Council could take no immediate action in the matter.

A letter from the Attorney-General regarding the disposition of municipal prisoners in Provincial jails, was read by the Mayor. The rule is that municipalities shall pay at the rate of 50 cents a day for the maintenance of prisoners in Provincial jails.

The Mayor said that the present practice in Kelowna was to send prisoners to Vernon, where they were kept at the same rate as at Kamloops, and the additional traveling expenses were saved.

An enquiry was received from the City Clerk at Penticton, asking if Kelowna had in force a by-law regulating the sale of coal and wood and requesting a copy of same.

The Mayor instructed the City Clerk to state in reply that no such by-law was in force in Kelowna.

A letter was received from Messrs. Burns & Walker, Commissioners to investigate the Coal Industry, asking for a list of coal merchants in Kelowna.

The Clerk was instructed to supply the information.

A letter was read from the Grangeville Fire Alarm Telegraph Co., stating that their agent would be in the district in about a month's time and would be pleased to visit Kelowna and interview the Council on the question of the installation of a fire alarm system in the City. Filed.

A letter was received from Mr. R. H. Parkinson, offering to get out a plan showing all the subdivisions in the Kelowna School District outside the City limits, for \$100. The work would entail a visit to the Land Registry Office. The letter was filed.

A request for information regarding Trade Licences, from the City Clerk of Armstrong, was referred to City Clerk Dunn.

A letter was received from the Inspector of Legal Offices, Victoria, laying down general rules in regard to the subdivision of land into town lots.

The Mayor remarked that the City had been following pretty closely most of the principles laid down.

Ald. Sutherland reported that the lowest tender received for the new boiler for the power house was from the Robert Hamilton Co., the price being \$1,600, f.o.b. Kelowna. A motion was passed accepting the tender, subject to the approval of the chief engineer at the power house.

30th REGT. B. C. HORSE

Orders by O. C. "D" Squadron

Headquarters,
Kelowna, May 13.

LECTURE—A lecture on tactics will be given by Sergt-Major Sparks in Messrs. Burne & Temple's offices, on Saturday, May 17th, at 8 p.m. All members of the squadron to attend.

PARADES—The squadron will parade mounted in Dr. Boyce's field near the Exhibition grounds, at 10 a.m. on May 18th next.

CHARLES CLARKE, Major,
30th Regt. B. C. Horse.

RIFLE ASSOCIATION

Annual Meeting

The annual meeting of the Kelowna Civilian Rifle Association was held in the "Courier" Office on Friday night, with a gratifyingly small attendance of members, the wet weather operating unfavourably in that respect.

The financial statement showed the Association to be in good circumstances, free of debt and with a substantial balance of cash on hand. Shooting statistics showed the Association to have reached the highest point of efficiency in its history in regard to the average value per shot fired. During the season, 1,953 scoring shots were fired, for which 7,864 points were obtained, or an average value of 4.02 per shot, which beats the figure of merit for 1911 by a considerable margin, the average in that year being 3.68, while in 1910 it was 3.35. A steady improvement is thus shown each year, but unfortunately it is coincident with a falling off in the membership and in the number attending practices.

For the best four scores made with the government allowance of five ammunition awards of handsome silver medals were made as follows: Any rifle, Mr. T. S. Allan; open sights, Mr. G. N. Kennedy; best recruit shot, 1912, Mr. W. H. Moodie.

Mr. H. H. Mills announced that he would present a large silver cup to the Association, to be awarded for the best gat scores over the 200, 500 and 600 yards ranges during the season, and to become the property of the marksman winning it three times. This splendid gift was enthusiastically received by the riders present, and it should go far towards stimulating interest in the sport this year.

The following officers were elected for the year: President, D. W. Sutherland; Vice-Presidents, C. Harvey and R. F. Morrison; Captain and Acting Secretary, G. C. Rose; Vice-Captain, Thos. Allan; Committee: the Captain and Vice-Captain and A. L. Meugens, H. H. Mills and D. D. Lloyd; Auditors: A. L. Meugens and F. L. Davis.

Messrs. Allan and Meugens were appointed a special committee to get the range in order for the season, so that shooting may commence possibly today. In this connection, Mr. Allan reported that the targets had again suffered damage at the hands of some despicable snails who went even further than those who did wanton mischief in form of years and actually stole even the ropes and pulleys used for hoisting them into position. Craving our readers' pardon for the language, it "beats hell" how many mean people there are in this world who take their delight in causing others annoyance and in interfering with their legitimate pleasures.

After the passing of a hearty vote of thanks to Messrs. D. W. Sutherland and Chas. Harvey for their continued kindness in granting the use of their land for range purposes, the meeting adjourned.

THE LABOUR SITUATION

On the K. V. R. R. Construction

For some time past, the valley weeklies and the Coast dailies have had occasional articles on the threatened "general strike" on the Kettle Valley Railway. Apparently the centre of the disturbance up to date has been the Naramata section. North of Naramata the line doubles back on itself, and as a consequence a number of camps are concentrated in a fairly small slice of territory, making the work of organizing the discontented among the labourers an easier task for the I. W. W. leaders, than in any other sections of the construction line.

When interviewed this week, Mr. J. J. O'Connor, the secretary of the strike committee, made the following statements to the members of the Labour Commission, who visited Camp 4, near Penticton, and reported in the "Vernon News," May 8, as follows:

Mr. MacKelvie: What union was he connected with?—The Industrial Workers of the World whose headquarters are in Chicago.

Mr. MacKelvie: We are told sometimes that your union is principally used to keep stirring up strife among labour?—It is revolutionary. Yes. They are not trying to reform anything but incidentally they do reform. The object of the organization would be practically industrial Socialism. Wage earners know well enough they cannot better their conditions unless they get more money and a good strong organization is necessary for that purpose. I know the impression is that the I. W. W. is composed of men who won't work, but as a matter of fact it is composed of a great many of the working classes throughout the United States and Canada, and their purpose is Socialist. They intend to change the existing conditions and are tending towards that. Of course, the revolutionary proposition is not always brought out because it would not be good tactics. In Gilbert Grandt's camp, a strike was talked about, and he had promised the men a minimum wage of \$3. I have learned since that Geo. Chew, who has several camps between Kelowna and Carmi, was paying \$3 a day since his camps were deserted by a "walk-out." When this contract was let to the railroad, the Provincial Government had an understanding with these contractors that a minimum of \$5.00 a day for nine hours would be paid. So the contractors have not lived up to the agreement with the Government. If we had said last January or February "We want more money," they would have been in a position to put men in our places. This is a class struggle, and if we can get the best of Grant Smith we are going to do it. The other night he eluded the pickets and sent fifteen men into the camps. As soon as these men heard there was a strike, they came down. So these men must have been misinformed. We know it costs Grant Smith from \$20 to \$30 a man to get them from Vancouver, so it is costing him a little bit of money to fight. We know the situation and feel that we have some chance of winning. We are only sticking out for \$3 for a ten hour day; we are not asking for as much as on the Government roads, and it is harder work.

Answering a subsequent question by Mr. MacKelvie, witness said: The table board is not good, but we have eaten worse. The sleeping accommodation is in some of the camps were something like that. The bunk houses were crowded and there were double bunks in which men who had probably never seen each other before slept together. You furnish your own blankets, pay 30c a day for board, and \$1 a month for hospital.

Mr. Stoney: What tactics would

MARKETING PROBLEMS

Another Meeting Held Yesterday

A further meeting in connection with the reorganization of the selling agencies of the Okanagan and of the Kelowna Farmers' Exchange was held yesterday afternoon, and another will have to be held before matters are finally settled as far as this district is concerned.

The meeting was held in Raymond's Small Hall, and was attended by a representative gathering of fruit and vegetable growers.

Mr. J. E. Roskie, delegate from Kelowna to the meeting held last week in Vernon for the purpose of organizing a central selling agency, gave his report, a synopsis of which appeared in last week's issue of the "Courier."

Mr. Robertson, the Commissioner appointed by the Provincial Government, was also present, and further explained the organization of the central selling agency to be known as the Okanagan United Growers.

During the discussion which resulted, it was pointed out by several present that they were not members of the new company now being formed to take over the business of the Kelowna Farmers' Exchange, although they expected to be; and that until all had had the opportunity of subscribing for stock, the appointment of local directors of the two organizations should be deferred until a later meeting.

This view seemed to find favour and the following motion, moved by Messrs. F. R. E. Doherty and Dr. Wansbrough Jones, was carried:

"That a meeting be called on Sat., May 17, of all those who have subscribed for stock in The British Columbia Fruit Exchange; and of those who wish to subscribe for shares prior to hour of said meeting, for the purpose of electing six representatives provisionally to hold stock in the central selling organization and to appoint two directors for Kelowna district on the direct rate of the central selling agency. The vote to be by letter addressed to the Secretary of the Kelowna Farmers' Exchange, or in person at the meeting."

Notices of such meeting in May 17 will be found elsewhere in our advertisement columns, over the signature of the Secretary of the Kelowna Farmers' Exchange, from whom applications for shares and full particulars may be obtained.

At the conclusion of yesterday's meeting a number of those present subscribed for stock.

BOARD OF TRADE

Secures Site for Office From C. P. R.

Through the efforts of Mr. A. W. Bowser, the energetic President of the Board of Trade, a site on Bernard Ave. near the Kelowna Saw Mill Office, has been leased from the C. P. R., and the construction of an attractive frame office building will commence immediately.

Mr. Bowser interviewed Mr. Geo. J. Bury when that C. P. R. official visited Kelowna last Friday, and pointed out to him that the railway company had vacant land on Bernard Ave. which would probably not be used by the company for some time, and that the Board of Trade would like to secure a lease of 30 feet of the frontage.

Mr. Bury went over the ground and immediately agreed to the proposition, and the Board of Trade will secure a lease of the lot for the nominal rent of \$1.00 per annum, on the understanding that the building will be moved off when the C. P. R. desires the land for their own use.

As the lot is outside the fire limits, the building will be of frame construction, and therefore movable at any time. There will be a public room for enquiries, and a private office for the Publicity Commissioner, Mr. W. Beaver Jones, and a hall, 26 by 40 feet, to be used for board meetings. The cost of the new office will be about \$700 or about the equivalent of a year's rent for the present office used for board meetings. It is the intention to hold the June monthly meeting in the new quarters.

The location, right in the "ground floor," will undoubtedly make the office of the Publicity Commissioner more convenient to tourists and new citizens, and the change is therefore a most desirable one in every way, and will materially assist in the publicity campaign.

In the course of an interview with Publicity Commissioner W. Beaver Jones, Mr. Bury advocated mixed farming for the Kelowna district, and also stated that he was thoroughly in accord with the establishment of central selling agencies.

GLENMORE NOTES

From Our Own Correspondent

Mr. McCarthy left this week for a short visit to Kamloops.

Mr. Thos. M. Ryall has purchased a Shorthorn cow.

Mr. Geo. Hume has been busy for the past few weeks planting potatoes with his planter.

Mrs. Stanley and young son arrived on Friday to join Mr. Stanley.

Dr. J. Kerr, wife and son, arrived last week from Sherbrooke, Que., and are visiting with Mr. Geo. H. Kerr.

Miss Raiton was the guest of Mrs. C. C. Prowse, of Morningstar Ranch, on Sunday.

The Glenmore people are glad to note the improvements being made by the government in the valley roads.

BASEBALL

B. C. Interior League Formed

On May 4, a meeting was held in Kamloops for the purpose of organizing a baseball league for the interior of B. C. Among those present were: Mr. Eastman, representing Vernon and Kelowna; Messrs. Frost and Mac, of Kamloops, and Messrs. Collison, Dickson and Hamilton, of Revelstoke.

The following officers were elected: Pres., Mr. N. Murray; Vice-President, Dr. K. C. McDonald; Secretary, Mr. T. W. Bradshaw, Revelstoke.

The following motions were passed: All players must be registered 14 days previous to a game as residents of the town, except for the first two games, and each manager shall be notified by the Secretary of all registrations.

The umpires shall be in sole charge of the game, shall have authority to bench or fine players (and this fine must be paid to the Secretary of the League by the player or his club, before said player can participate in another game), and for any infringement of this rule by any club, said club forfeits game after expiration of three minutes.

Umpires will be agreed upon by the two managers, and the home umpire will work behind the plate.

Each club must deposit a certified cheque of \$100.00 with the Secretary by the opening date, as a guarantee, to finish the season, the cheque to be returned at the end of the season to all clubs fulfilling their contracts.

The home team will take entire gate receipts and visiting team to pay their own expenses; and in event of a postponed game, home team will pay the visiting team's expenses up to \$100.00.

The home team must furnish at least six balls to be used at discretion of the umpire.

The following is the schedule of games for the new League, as drawn up at the meeting:

May 14-Vernon at Kamloops.
 May 15-Revelstoke at Kelowna.
 May 24-Vernon at Revelstoke.
 May 24-Kamloops at Kelowna.
 June 3-Revelstoke at Kamloops.
 June 3-Kelowna at Vernon.
 June 12-Kelowna at Revelstoke.
 June 12-Kamloops at Vernon.
 June 18-Kamloops at Revelstoke.
 June 18-Vernon at Kelowna.
 June 25-Revelstoke at Kamloops.
 June 25-Kelowna at Vernon.
 July 1-Vernon at Kamloops.
 July 1-Revelstoke at Kelowna.
 July 9-Kamloops at Revelstoke.
 July 9-Kelowna at Vernon.
 July 16-Kamloops at Kelowna.
 July 16-Revelstoke at Vernon.
 July 24-Revelstoke at Kamloops.
 July 24-Vernon at Kelowna.
 July 30-Vernon at Revelstoke.
 July 30-Kelowna at Kamloops.
 Aug. 6-Kamloops at Vernon.
 Aug. 6-Kelowna at Revelstoke.
 Aug. 13-Vernon at Kamloops.
 Aug. 13-Revelstoke at Kelowna.
 Aug. 21-Kelowna at Kamloops.
 Aug. 21-Revelstoke at Vernon.
 Aug. 27-Kamloops at Kelowna.
 Aug. 27-Vernon at Revelstoke.
 Sept. 3-Kamloops at Revelstoke.
 Sept. 3-Kelowna at Vernon.

As an indication of the "class" of the new league, it may be noted that each club will have to appoint an official scorer who will at the conclusion of each game, forward to the Secretary a proper record of averages and league standing.

Kelowna has been winning all the practice matches so far against neighbouring teams and has no intention of being the tail-end of

the "Big League," at the end of the season. With plenty of new material in sight, the locals feel that they will be able to give any of the bigger towns in the league a good run for their money. They will tackle Revelstoke on the local grounds on Thursday, May 15th.

HOT FROM THE WIRES

Kamloops defeated Vernon on home grounds yesterday by 12 to 2, in the first game of the new league.

Remember the Tidal Tea, Monday afternoon, Aquatic Pavilion.

NOTICE

At a meeting of the fruit and vegetable growers of the Kelowna district, in Raymond's Small Hall on Wednesday, May 14, the following resolution was passed:

"Moved by Mr. F. R. E. Doherty, and seconded by Dr. Wansbrough Jones.—That a meeting be called on Sat., May 17, of those who have subscribed for stock in the British Columbia Fruit Exchange, and of those who wish to subscribe for shares prior to hour of said meeting, for the purpose of electing six representatives provisionally to hold stock in the Central Selling Organization and to appoint two directors for Kelowna district on the direct rate of the Central Selling Agency. The vote to be by letter addressed to the Secretary of the Kelowna Farmers' Exchange, or in person at the meeting."

NOTE.—The subscription list is now open and application blanks and full particulars may be secured upon application to the Secretary.

The meeting on May 17 will be at 2 p.m. SHARP, in Raymond's Small Hall, and as Mr. Robertson has to leave Kelowna at 3 p.m., it is hoped all will be present on time.
 42-1 W. D. BRENT, Secretary

Street car employees in Port Arthur and Fort William, the "Twin Cities," have gone on strike, and the service is completely suspended.

The owner of the Summerland Hotel is considering the closing of that institution unless he can secure a table license. Further comment is unnecessary when it is stated that Summerland is a "dry town."

SPIRELLA CORSETS

Including waists for children, from 1 to 14 years.

Mrs. J. H. Davies will be at home each Monday to receive orders between the hours of 10 a.m. and 6 p.m., at Malvern Cottage, Wilson Ave. P.O. Box 626, Phone 4802.

LAND REGISTRY ACT.

In the matter of an application for duplicate Certificate of Title No. 746a to Lots 5 and 6, Block 19, Map 462, City of Kelowna.

Notice is hereby given that it is my intention, at the expiration of one month from the date of the first publication hereof to issue duplicate Certificate of Title to said lands issued to the Bishop of New Westminster, unless in the meantime I shall receive valid objections thereto in writing.

(Signed) C. H. DUNBAR

Olive Oil

One of the notable tendencies today is the increased use of OLIVE OIL. This, one of the oldest of the world's foods, has until recently been used but little in Canada. We are just learning how valuable it is, for pure Olive Oil is all nourishment and just the kind needed to build up tissue and to increase the powers of resistance against disease.

It is made from Selected Olives and has the true distinctive flavour that Olive Oil should have.

For salad dressings or for deep fat frying this oil is perfect in every way.

Mathie, by whom the same will be settled. The said R. C. H. Mathie has taken over and will continue the said business as heretofore under the name of Davies & Mathie. Dated at Kelowna, this 1st day of November, 1912. 40-3

J. H. DAVIES.

R. C. H. MATHIE.

MAN DROWNED

Jumps to Death from "Okanagan"

On Tuesday morning, when the s.s. "Okanagan" docked at the wharf, it was learned that a sad fatality had occurred during the course of the ship's run from Peachland to Gellatly's Landing, when a lunatic in charge of Constable Smith, of Penticton, broke away from that officer and leaped from the hurricane deck of the steamer into the lake, and was drowned.

It appears that the man, John Brokenshaw, a fruit rancher of Penticton, showed symptoms of insanity last Saturday and was put in jail until an officer could remove him to New Westminster. He broke jail by breaking through a cell window and attempted to commit suicide by jumping from a nearby cliff, but was recaptured without having injured himself by the fall. He acted quietly thereafter and when coming up the lake on Tuesday morning made no move until the boat had left Peachland.

Brokenshaw was a single man and it is not known whether he had any relatives in Canada or not. Further details of the case cannot be secured at the time of going to press, but the accident itself is graphically described by Captain Estabrook, of the "Okanagan," as follows:

"On our northbound trip Tuesday morning between Peachland and Gellatly, at 7.50 o'clock, a lunatic by the name of John Brokenshaw, a native of England, escaped through the outside door of a stateroom on the hurricane deck and leaped overboard and was drowned."

"The constable in charge grabbed at the man and managed to catch hold of his coat, but it all happened so quickly that it was impossible for him to get a solid hold of the man. From the pilot house I heard someone shout, 'Man Overboard.' I stopped the boat, blew lifeboat whistles, and reversed the engines. From the time I heard the alarm, until our boat was in the water, fully manned, the time was 55 seconds. The boat went back to about where the man went overboard, and rowed around for some time, but no sign of the man could be seen."

The rapidity with which the boat was lowered and the discipline and efficiency of the boat crew, but the effort was in vain and the steamer resumed her northbound voyage. Constable Smith was greatly grieved over the accident and returned the same day to Penticton.

Half-Acre Lots \$600.00—ONLY \$600.00

MORNING SUN ANNEX

This is the name given my sub-division just prepared, containing half-acre lots. The property is well-known, being 20 acres of the Guisachan Estate (formerly owned by Lord Aberdeen), joining Kelowna on the side of The Morning Sun, 20 acres of the choicest and most fertile soil, carrying one of the earliest and best irrigation water records.

Just 20 acres—just 40 lots—with fine healthy apple trees loaded with blossoms this season. I intend that every half-acre is sold this month, and am letting them go at \$600.00 each.

Think of it—land you can produce the cost price the second season. Property the size of three ordinary lots at the price of one. Where there are no building restrictions (you may build a beautiful castle on your roomy property, or content yourself with a moderate home for a moderate people.

This is no "hot air chat" (the time for that has elapsed), but plain bread and butter talk, with no 20% commission added to price for selling. If you want an early choice, call on me at room 2, our block, and I will show you the stuff. Not necessary for you to buy. The terms are on your side too; one hundred dollars down will do me, balance easy.

J. Rowcliffe

RICHMOND'S

Ready-to-Wear House

KELOWNA, B.C.

THE LABOUR SITUATION

Continued from page 1

you with the men who returned to work or who refused to strike? Personally, I do not approve of violence, and I don't think it has ever been used. Violence gets us nothing, either in dealing with the contractor or with the men. If we use violence with a "scab" we put him in such a frame of mind that we never make a union man of him. We are against violence in all forms."

On Saturday a "Courier" representative interviewed Mr. Griffin, superintendent of the Grant Smith Co., and on a request for information from the contractors' point of view, was supplied with the following summary of present conditions:

"News articles on the Kettle Valley strike indicate fiction more than facts, and this exaggeration of the strike and acceptance of accounts from irresponsible parties add to the contractors' difficulties."

"At no time have there been more than 400 men out on strike and out of 36 camps on the line never more than nine have been affected thereby."

"The present situation. The contractors are somewhat short of men on the Nanaimo end of the line. The strike efforts have been a failure on the Kelowna end, which is working full force and every camp working, and now that police protection has been furnished, all men who did not leave the country are returning to work except the I. W. W. agitators and perhaps thirty or forty of the 'hobo' class, who will stay with them as long as they are fed."

"Camp conditions have been pronounced first-class in every respect by sanitary inspectors. The wage scale is equal to that paid elsewhere and there has been no demand for an increase from the majority of the men, the present trouble having been entirely fomented by a few professional I. W. W. agitators, who collect subscriptions from the men and call strikes to give them something for their money. Good men are intimidated by the I. W. W. men and their 'hobo' adherents, who threaten to put dynamite in bunk-houses, etc., if men do not strike."

"The contractors propose to run good camps and pay maximum wages, but refuse to be dictated to by irresponsible agitators, who do not represent the sentiment of the men."

Mr. Griffin states that the articles in Coast papers describing the alleged bad condition of the camps, emanate from the I. W. W. headquarters. He declares that the wage being paid is the standard wage all over the country, and the only labourers who get bigger money are the picked workers hired by station men to rush small contracts

to completion.

Mr. Griffin lays the entire blame for the trouble on the I. W. W. agitators, and states that they arouse discontent among some workers and terrorize others by threatening violence to those who hang back.

"Their object is simply to revolutionize present conditions, and they are not particular how they do it. They should all be chased out of the country as undesirable citizens."

The reporter was shown a letter to Messrs. Grant Smith & Co., from the leader of the Kelowna headquarters of the I. W. W., demanding the usual increase in wages for all classes of labourers. The letterhead and official seal of the organization on the letter was very business-like, but the name of the sender was erased.

"I am confident that the majority of the men are satisfied and have no fear of a general walk-out; but the revolutionary tactics of the agitators make it difficult for us to get new men in. These I. W. W. agitators are asking for \$3.00 a day now and if they get it they would want \$3.50 next week," concluded Mr. Griffin.

There is evidently room for plenty of argument on both sides of the question, and it would seem that the matter is far from settled, although the first efforts of the strike organizers have not been so completely successful as they planned. From the viewpoint of the most intellectual of the "revolutionists," the local situation is but one of many skirmishes between capital and labour leading up to a revolutionary upheaval of present conditions—a titanic class struggle in which they hope to obliterate the "profit sys-

tem" and usher in the Social Democracy.

All this hardly appeals to a contractor who wants to make a rapid and efficient job of the task of linking up the valleys of the interior with the salt water, threading with winding ribbons of steel the canyons, the shores of lake and river and mountain stream, along plateau and mountain, meadow and rolling prairie land, between the Okanagan and the broad Pacific.

WATER NOTICE

FOR A LICENCE TO TAKE AND USE WATER.

NOTICE Is Hereby Given that the Corporation of the City of Kelowna will apply for a licence to take and use daily Five Hundred Thousand Gallons of water out of Okanagan Lake. The water will be diverted at Lot 4083 and will be used for Municipal Purposes on the land described as the City of Kelowna.

Local and Personal News

Mayor Jones left on Monday for the Coast.

Mr. J. A. Bigger left on Wednesday for Vancouver.

Mr. and Mrs. Bray were passengers on Wednesday to Swift Current, Sask.

Mr. W. M. Soreby and Mr. G. Kincaid returned on Monday from a visit to Peachland.

Mr. G. F. B. James was a passenger yesterday for Seacombe, to meet Mrs. James and young son, who are returning from Montreal.

On Thursday and Saturday of this week at the Opera House, the four-piece orchestra which created such a fine impression last Saturday at the "movies," will again entertain the audience. The films, as usual, will be special feature pictures.

Next Sunday the Glovelly Transport Service will run an excursion to Okanagan Centre. It is the intention to make a number of trips with the approach of "picnic" weather, for there are many delightful spots along the lake which can be reached in a short time.

The Loyal Order of Moose have opened up their new quarters in the McKenzie Block and now have a neat lodge room and a large and airy club room and hall. It is the intention to fit up the main hall with all the comforts of a good club room: reading matter, piano, pool table and gymnasium. The list of the "Moose" grows weekly with new "initiates."

We understand that it is the policy of the C. P. R. to tear down the old sheds on the wharf in the near future and erect more modern buildings, similar to the new sheds recently completed. There will be a great feeling of relief when the ancient "eyesores" are removed, for they have spoilt the appearance of the waterfront for a good many years, and both the buildings and the docks, at the north end, are in an advanced stage of decay.

On Friday night, in the Opera House, Manager Duncan will run a special 3-reel feature film, "The Shaughran," a typical Irish drama. This striking film was secured in the heart of the most beautiful scenery in Ireland and handled by the Kalam Co., who some time ago sent a staff of special artists to the Emerald Isle to secure a number of purely Irish scenes, and to get the correct local atmosphere for their productions. Be sure and see "The Shaughran."

The committee in charge of the Victoria Day programme of sports are working hard at the details and expect to have track and entries in tip-top shape on the 24th providing Jupiter Pluvius takes a temporary holiday. It is hoped to waste no time between events but to run off all races and games with celerity and as orderly as possible. There will apparently be a good turn out of sprinters and horses.

The production of "San Toy," by the Musical and Dramatic Society, proceeds apace, the "business" being now well under way. Mr. A. L. Soames devotes a great deal of time and trouble to rehearsals with principals and chorus, individually and collectively, so that the performance will be well worth seeing. The scenery is now being prepared by Mr. G. McKie; we know what he produced for the Society for the production of "Charlie's Aunt," the second act scene of which received such an ovation through out the Valley from Enderby to Penticton.

Mr. J. Rossi left on Monday for his old home in sunny Italy. A social was held in the White Restaurant on Saturday in honour of his departure and a goodly number of friends attended and made the occasion one to remember. Joseph was plentifully besprinkled with rice when he boarded the boat on Monday, and the general opinion seems to be that when he returns, in about six months' time, he will bring Mrs. Rossi with him. Before leaving, he requested the "Courier" to remember him to all his friends in the city.

The Secretary of the Kelowna Hospital Society acknowledges with thanks receipt of the following donations: For the month of March—L. E. Taylor \$10, P. DuMoulin \$25, Thos. Murray \$5, Country Girls' Hospital Aid \$30, E. W. Wilkinson \$5, Friend, sack of potatoes; Watson Bros., sack potatoes, two boxes apples; Mrs. Willis, two chickens; Casorso Bros., one ton potatoes; John Sutherland, hot cross buns; Mrs. Armstrong, parsnips. For month of April—W. R. Poley \$3, P. Burns & Co \$30, W. Sauter (for sale of photos, "The Players") \$1, S. C. Orens \$10; Chas. Marty, rhubarb.

Indications point to a record-breaking house for the engagement of the gorgeous spectacle, "The Prince of Tonight," at the Opera House, on Wednesday, May 21st. This popular musical fantasy has been meeting with such marked success that the desire to see it is the same everywhere and this city is no exception to the rule. The production is a LeComte & Flesher offering, and one may expect much in the way of good music and clever people, especially when the splendid baritone Tom Arnold heads the cast. Chicago placed the stamp of approval on "Prince of Tonight," by extending it a preposterous run of 260 nights and from the day it began its road tour the business has been capacity.

Mr. E. Hoy arrived on Tuesday from Vancouver. Ernie expects to stay for the summer bill season.

Mrs. J. Smith and her sister, Miss Hooper, received the sad news on Monday of the death of their mother at Armstrong. Miss Hooper left on Tuesday morning for her home.

Mr. G. C. Ross, editor of the "Courier," left on Monday for a month's holiday on Shuswap Lake, enjoying the simple life at the ranch of the Fraser Press, on Ross Creek.

A meeting of St. Michael and All Angels Church Committee, and others interested in the church, will be held in Mr. P. Corby's office tonight (Thursday), at 8 o'clock, to meet Rev. Mr. Solly.—Oom.

DIED.—On Thursday, May 8, Miss Verma St. Clair McGregor, aged 17 years, 7 months, daughter of Mr. and Mrs. A. G. McGregor. The funeral was held from the family residence on Saturday. Much sympathy is felt for the bereaved parents in their great loss.

DIED.—On Saturday, May 10, Dorothy Mabel Downing, aged 5 years, 2 months and 26 days. The funeral service was held at the family residence on Monday afternoon, and interment took place in the local cemetery, Rev. J. Ball officiating.

The Ladies' Hospital Aid will hold their annual Talent Tea in the Aquatic Pavilion on Monday afternoon, May 19, from 3 to 6. You are cordially invited to attend and learn how the ladies of the Hospital Aid used their own talents to earn money for this estimable cause. Tea will be served for 25c.—Com.

There will be a meeting at the home of Mrs. D. W. Crawley, on Saturday, May 17, at 3 p.m., to arrange for the Ladies' Hospital Aid Talent Tea. All interested are requested to attend.—Com.

Mr. Geo. Mickle, of T. Laws & Co., Ltd., returned on Sunday from his trip to Eastern manufacturing centres.

Messrs. E. M. Carruthers and E. R. Wollaston left for the Old Country yesterday. Mr. Carruthers returns to London, where he has charge of the office of the K. L. O. Co., while Mr. Wollaston will revisit his old home after an absence of 10 years.

Mr. Scott, rural mail carrier between Kelowna and Vernon, put his auto stage into commission for the first time this season on Monday. As eloquent testimony to the continued growth of the country, it is interesting to note that he has now no fewer than 84 calls to make.

City and Country Patronage Solicited

CITY COUNCIL

Continued from Page 1

The new boiler is an urgent necessity owing to the very heavy load on the present system.

A motion was also passed "That the chief Engineer at the power house be given complete authority in reference to the work and disposition of City employees and his charge."

It was moved by Ald. Sutherland, seconded by Ald. Calder, "That residents of Bankhead subdivision be given water on the following conditions:

"That all expenses be paid by the installing company, including meters and valves;

"That a charge of \$1.00 per user be paid in addition to the amount of water used, at the City's minimum rate of 16 cents per 1000 gallons;

"That such monthly payments be made by one party who shall be duly authorized by the company to make such payments;

"That a proper agreement be entered into along these lines between the City and the company."

By-laws 132 and 133 were read the first time. The first is for raising the sum of \$10,000 for water extensions, and the second for raising a similar amount for electric light extensions.

Ald. Sutherland reported that during the first four months of this year the electric light revenue had increased 50 per cent. over the corresponding period in 1912. The water works revenue had increased at the rate of 77 per cent. The plant was paying extremely well, and there was a surplus of nearly \$5000 in 1912 and the surplus this year would be probably twice as much if the rate payers would vote the money to make the necessary connections. There had been 56 applications for light connections this year, of which 43 had been made. There had been 74 applications for water connections, of which 45 had been installed. It would be necessary to get a large amount of water pipe this year, also the new boiler which would cost about \$2000 to install. The present two boilers had been installed for the first generating unit. Another unit had been added without additional boiler capacity and consequently the load was very heavy. "We must have boiler capacity equal to the generating capacity of the two generating units. That plant is the best paying investment the City of Kelowna has today and according to the extent to which it is growing, the profits are increasing," remarked the alderman.

It would hardly be necessary to hold a public meeting, if a full account of the reasons for the new By-laws, was given in the local press.

The Mayor reported that he would be absent from the City for a short time. Accordingly Ald. Sutherland was appointed Acting Mayor during the Mayor's absence.

Ald. Copeland, of the Board of Works, reported that he had "cut off all work," but would like to do enough to keep one team going. Eli Ave. and Water St. had been partly graded. Some residents on Pender St. wished some earth hauled to fill in approaches to their houses, and he would see if the earth could be secured nearby.

In regard to the naming of streets Ald. Copeland produced a sample sign board and stated that he wished to have all the streets in the City named. He would report on the necessary number of signs at the next meeting.

He also reported that Mr. A. R. Davy wished to build a stable on the sewerage farm and was informed that the Council would not object to same.

Ald. Thompson read a report of work done by the Parks Committee, including work on the Recreation Ground, and tree planting on the streets.

The account of Palmer & R. Gibson for the work was ordered to be checked over by the City Clerk, and to be paid if found correct.

The following accounts were passed by the Finance Committee:

Canadian General Electric Co., sewer supplies \$ 42.35

C. P. R., freight 25.75

Claud H. James, sewer supplies 21.00

Peter Henderson & Co., lawn grass seed for Park 100.00

E. Lyon, work on street 9.00

A. E. Boyer, Collect of Customs Duty on grass seed 10.00

J. L. Doyle, Brokerage fee 1.00

E. Taylor, work on sewer 4.65

G. Markham, cleaning office and Fire Hall 12.00

Water works construction: J. Primaz 46.31

E. Bonjean 45.65

P. Coffey 66.66

P. Coffey 21.00

P. G. Miller 7.50

J. Alcoroy 1.34

J. Brodie 19.81

J. Primaz 5.05

T. L. Legge, refund of water rate charged and paid in error 1.20

P. E. Corby, Plumbing inspection fees 77.00

A. R. Davy, watering streets for April 110.00

G. F. Teal, salary for April 160.00

Mayor Jones, expense acct., trip to Victoria and Vancouver on City business 70.00

R. Sutherland, expense acct., taking lunatic to New Westminster 49.25

R. Sutherland, refund of disbursements, Police acct. 17.00

The Council then adjourned until Friday, May 16.

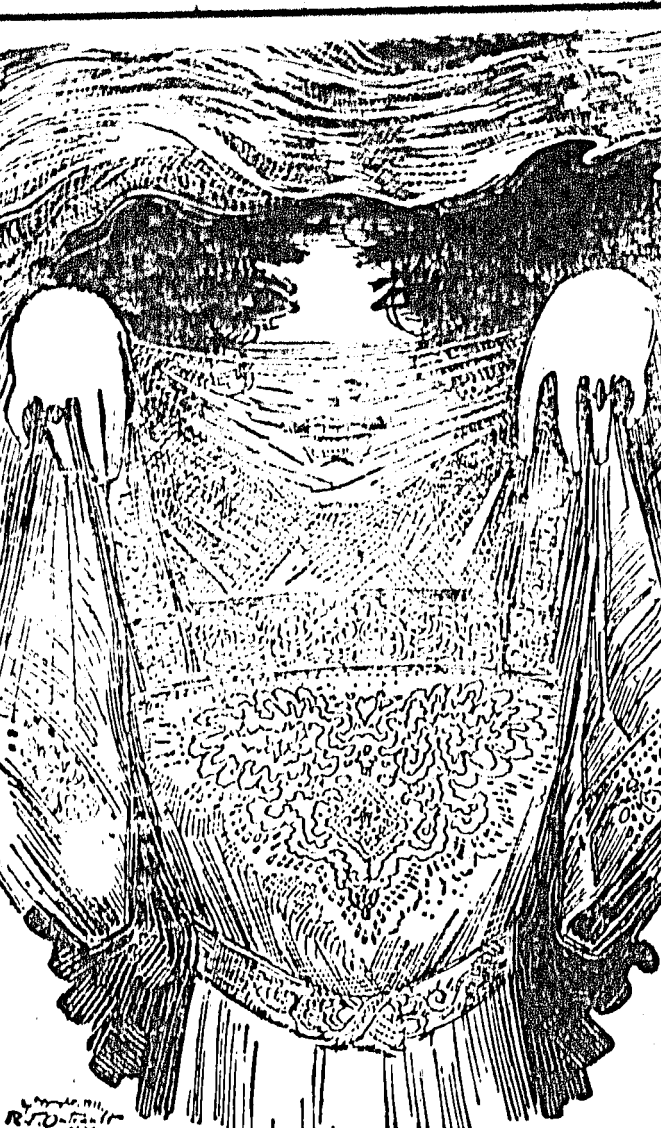

Mission Creek Work

Kelowna, May 13, 1913.
To the Editor, Kelowna Courier.

Dear Sir,—
I have been watching, with some interest, during the past few days the operations being carried on by the government in connection with the annual patching up of the banks of Mission Creek. Six or seven teams have been employed in hauling rocks from the K. L. O. Bench and filling in some portion of the creek near the K. L. O. bridge. The actual filling in may doubtless be of great benefit to all concerned, but why have the teams been hauling rock from practically the furthest extremity of the K. L. O. Bench to the "fill?" To my personal knowledge there are hundreds of tons of rocks nearly a mile nearer the K. L. O. bridge, and quite suitable for the work. Many of these rocks are either piled or scattered about on the side of the road. Had these rocks been used for the work, it would not only have improved the road but it would also have saved the teams over a mile on each trip they make. Each team makes four trips in the day, I believe, and on arriving at the loading point were met by four men who loaded each wagon in from three to four minutes. Taking seven teams making four trips a day and four minutes to load each wagon for each trip, it works out that the four loaders did under two hours work a day for which they receive three dollars each. It is iniquitous the way public funds are constantly wasted in this way, when some of the principal roads in the district go unimproved year after year.

TAXPAYER.

The terms for reciprocity between Canada and Australia have been arranged by the trade and commerce ministers of both dominions.

FOR JUNE

"WHAT IS SO RARE AS A DAY IN JUNE?" FOR THESE "PERFECT DAYS" SHOULD YOU NOT CLOTHE YOURSELF IN PERFECT, BEAUTIFUL RAIMENT; YOU CAN FIND AT OUR STORE ALL THE COLORS OF THE RAINBOWS IN SUMMER LAWNS AND DIMITIES; ALL THE HUES OF THE JUNE ROSES IN RIBBONS, LACES AND HOSIERY, A JUNE WEALTH OF WHITE GOODS, LIGHT GARMENTS AND FILMY UNDERCLOTHING. Purity - Quality - Delicacy

For these three graces combined there is nothing to compare with

Hunt's Supreme Quality Canned Fruits

We have Lemon Cling Peaches, Bartlett Pears, Choice Apricots, Royal Anne Cherries and Sliced Pineapples. It is rich, ripe fruit; picked, peeled and packed carefully and scientifically by hand—the original flavour of the fruit being preserved.

The great difference between **Hunt's Supreme Quality** and other high grade fruits is that **Hunt's Supreme Quality** is all hand-peeled, whereas, in the majority of cases the fruit is lye-peeled—that means that they go through a lye process which eats off the skin and incidentally spoils the fruit flavour.

If you ask a friend home to lunch, or have some one drop in for a meal unexpectedly, there is nothing will grace the table better than **Hunt's Supreme Quality Fruit**. The guest will have that happy, satisfied feeling which is so essential, and the housewife will be saved a lot of hurry and worry as well.

Always keep a few cans on your pantry shelf.

The McKenzie Company, Ltd.

GROCERIES

How Concrete Work Was Made Easy For You

UNTIL a few years ago farmers considered concrete a rather mysterious material, that could be used successfully only by experts. They knew that upon the quality of the cement depended much of the success of concrete work. They had no means of testing cement, such as big contractors employ, and so could not be sure of its quality.

Yet the farmer needed concrete.

He was kept from using this best and most economical of materials by

1. Lack of knowledge of how to mix and place concrete.

2. Lack of a brand of cement upon the quality of which he could absolutely rely.

Canada Cement

has supplied both these requirements.

We employed men to make a thorough investigation of the farmer's requirements; to find out where and how he could use concrete with profit to himself; to discover all problems he might come across and to solve them. This investigation was expensive. But when it was completed we had the material for our campaign to show the farmer how and where to use concrete, and we printed a book, "What the Farmer Can do With Concrete," for free distribution. That book makes every farmer who reads it a concrete expert, as far as his needs are concerned. He finds that there is nothing mysterious about concrete—that a few simple rules supply all the knowledge required.

At the same time we met the farmers' second objection—inability to test the quality of cement—by producing cement of a quality that does not need to be tested.

The Canada Cement that you buy by the bag is the same Canada Cement that is sold by the train-load for great elevators, buildings and bridges.

There is a Canada Cement Dealer in Your Neighborhood

If you have not already done so, write for the book "What the Farmer can do with Concrete." It is Free.
